

The Cooperstown Art Association Presents

# KID'S ART CAMP

WITH EMILIE RIGBY Monday – Friday, 1:00 – 3:30pm | August 15 – 19, 2022

## AUGUST 15: NATURE JOURNALING

*Spend the afternoon observing the wonders of the natural world in order to enhance your drawing and naturalist skills, through a series of fun and short activities and challenges. Bring an unlined notebook to start filling with drawings and notes on the wonders you find!*

## AUGUST 16: BOTANICAL ILLUSTRATION | PT. 1

*In this workshop, students will learn the basics of botanical illustration through a series of still life "prompts." We will focus on how to translate an image accurately onto the page so that it can be recognized by people who view it. We will be working with pencil, pen and ink and adding color.*

## AUGUST 17: TREE ID

*Have you ever wanted to know what tree you are looking at? There are over 950 tree species native to North America, each with their own unique characteristics. This class will introduce the basics of tree identification and set you up with the skills you need to keep learning!*

## AUGUST 18: BOTANICAL ILLUSTRATION | PT. 2

*Build upon the foundational skills from part one in order to work on a more detailed long-form botanical illustration project. Students will have a wide range of subjects to choose from, or are welcome to bring their own.*

## AUGUST 19: DRAWING AND PAINTING AT THE LAKE

*Spend a relaxing afternoon drawing and painting by the lake. We will meet at the Art Association and bring along our favorite art mediums to Lakefront Park. Students are welcome to work on a self-guided piece or participate in the group prompts.*
